

Intermediate Aquatic Biologist

Vancouver, BC (other locations may be considered)

Down to Earth Biology

We are searching for a new member to join our team of professionals. Our successful candidate is highly motivated with outstanding technical, client service and interpersonal skills. As an Intermediate Aquatic Biologist you will be responsible for reporting to regulatory agencies and to our clients. You are an effective communicator and thrive in a team environment. If you are a self-starter eager for the opportunity to enhance your leadership skills, this position is the next step in your career. Our ideal candidate has the aptitude and personal suitability to become a senior member of our team.

EDI works as one company of over 70 staff across western and northern Canada. We are committed to developing our staff members' areas of interest to optimize the combined success of our dynamic team.

Requirements:

- Freshwater Ecology, Fisheries and/or Water Quality experience
- Construction Environmental Monitoring experience
- Bachelor's Degree in a related discipline and a minimum 5 years related experience
- Registration or eligibility for registration as R.P.Bio. or P.Biol. is required

Additionally, the following skills would be considered an asset:

- A working knowledge of regulatory processes in BC
- Flexible and adaptable in identifying and mitigating issues rapidly to ensure compliance within an active construction work environment
- Extensive knowledge of construction site erosion and sediment control measures and BMPs
- Strong organizational and interpersonal skills and exceptional time management skills
- A proven record of professional report writing and client management
- The ability to work in a dynamic, team-oriented environment with limited supervision
- Strong analytical, problem-solving and decision making abilities
- Self-motivation and the ability to thrive in a fast-paced environment
- Willingness to travel for field work in remote locations and/or between offices

EDI is currently in our 24th year of business. We operate on the core principles of quality and innovation, open communication, mutual respect, and safe work environment. If you are ready for new challenges and a rewarding career experience, please email your resume to: employment@edynamics.com with NEM0915 in the subject line. Applications will be considered as soon as they are received until October 13th, 2017

Applicants will be considered as their resumes are received and may be requested for an interview prior to the closing date. Only candidates requested for personal interviews will be contacted. Should an individual with the required qualifications not be available, applicants with closely related qualifications may be considered. As a result, the position may be reclassified and offered without reposting.
