

Intermediate or Senior Aquatic Biologist Permanent Full-Time Position

Burnaby, BC

Down to Earth Biology

EDI is an employee owned company that has been in business for 26 years with offices across western and northern Canada. EDI provides science-based environmental consulting services and products to all major industrial sectors, First Nations, and government. Why is EDI right for you?

- EDI's core focus is Aquatic and Terrestrial biology.
- We believe that one of our greatest successes is our unique company structure, one which has fostered a terrific team environment and a very high level of employee retention.
- We operate on the core principles of quality and innovation, open communication, mutual respect, and safe work environment.

Our biologists are responsible for a diverse array of projects, working with their science-based team and developing client targeted business opportunities. If you have an Aquatic Biology background, Environmental Sciences, or a related field, with a proven track record of delivering effective results, you could be the person we are looking for.

As a member of our team, you will be responsible for project design/coordination, field data collection, report writing and communication with clients. Our ideal candidate has in-depth experience in aquatic biology in western Canada, with strengths in fisheries science, habitat compensation, impact assessment and the regulatory environment. This is a permanent full-time opportunity based out in our Burnaby office.

Requirements:

- A minimum of 5 years of Environmental Assessment or Permitting experience is required.
- A proven record of professional report writing and proposal preparation.
- Strong organizational and interpersonal skills and have exceptional time management skills. The ability to work in a dynamic environment with limited supervision.
- Work well in a team-oriented environment.
- Be comfortable with field work in remote locations and/or travel between offices.
- Minimum B.Sc. degree.
- Registration or eligibility for R.P.Bio or P.Biol. is required.

Benefits Includes:

- Extended health and dental
- Profit share and bonus
- Professional development/training allowance
- Field gear allowance
- Internal training/mentorship opportunities
- Overtime/banked time
- Personal (sick) time
- Vacation time accrual
