

Wildlife Biologist

Permanent Full-time Position

Calgary and Grande Prairie, AB

Down to Earth Biology

Since we started EDI over 27 years ago, our people have defined our culture and have been instrumental in our success. As we grow, we look for team members who want to grow their careers and make a difference by working with our team on a range of projects. Our culture focuses on quality, support, mentoring, teamwork, positive attitudes, and flexibility to “do it right” for our clients. We promote innovation at all levels. Our members are self-motivated, enthusiastic for continual improvement and strong communicators. Through relationships built among team members and widespread employee ownership, we realize that EDI is not just a company, it is *our* company.

Our benefits include:

- A challenging, dynamic, engaging and rewarding career experience
- Competitive compensation, including health benefits, profit-sharing and employee share ownership programs
- Working with a team of established consultants who excel in their fields of science, environmental assessment and regulatory planning
- A corporate commitment to long-term career and personal development through opportunities and support for professional advancement (e.g., internal mentorship, annual professional development budget)

Are you a driven individual who is ready to take their career to the next level and grow with us? As a Wildlife Biologist, you provide highly valued expertise in a multidisciplinary team of consulting professionals. You have a passion for applying your knowledge and expertise, using your creativity, and working well with a variety of people. As a professional, or aspiring to become a professional, you are driven by earning respect for the work that you do.

This role will include the variety and challenge you seek in a career. Starting from a basis of fieldwork, reporting, and leadership in your speciality, you will set the course for your role that will lead to project coordination, project management or a senior technical leadership track. The ideal candidate has in-depth experience in avian species, a broad knowledge of other wildlife groups, and strong aptitude in technical communication.

What are we looking for?

- Specialized expertise in avian species including visual and aural identification
- Knowledge of other wildlife groups that complements avian consulting expertise
- A working knowledge of regulatory requirements in your area of speciality
- Experience leading wildlife sweeps, migratory birds nest surveys, species-specific wildlife surveys
- Interest in supporting other disciplines (e.g., aquatics, terrain and soils, vegetation, wetlands)
- Strong aptitude for technical writing and interpersonal communications
- Passion to be part of a team focused on mutual respect, inclusion, and shared learning

Job Requirements:

- B.Sc. or M.Sc. degree in wildlife management, biology or related science program
- Registration or eligibility for registration as a P.Biol. or R.P.Bio.
- A minimum of 5 years of experience related to wildlife biology, including a combination of office and crew lead experience
- Class 5 driver's licence
- Ability to conduct field work in remote locations and/or travel between offices

Wildlife Biologist
Permanent Full-time Position
Calgary and Grande Prairie, AB

Down to Earth Biology

- Maintain full COVID vaccination passport/documentation
- Active participation in EDI's health and safety program

Application deadline – February 28, 2022

At EDI, we are committed to providing an environment of mutual respect where equal employment opportunities are available to all applicants and team members. EDI believes that diversity and inclusion among our team members is critical to our success as a growing environmental company, and we seek to recruit, develop and retain talented people from a diverse candidate pool.

*If you are ready for new challenges and a rewarding career experience, please email your resume and cover letter in confidence: employment@edynamics.com with **EDI2022-039 in the subject line**. Only candidates requested for personal interviews will be contacted.*
