

Field Crew Coordinator/ Environmental Monitor

Term Position

Prince George, BC

Down to Earth Biology

Since we started EDI 29 years ago, our people have defined our culture and have been instrumental in our success. As we continue to grow, we look for team members who want to grow their careers and make a difference by working with our senior leaders. Our culture focuses on quality, support, mentoring, teamwork, positive attitudes, and flexibility to “do it right” for our clients. We promote innovation at all levels. Our members are self-motivated, enthusiastic for continual improvement and strong communicators. Through relationships built among team members, we realize that EDI is not just a company, it is *our* company.

Our benefits include:

- A challenging, dynamic, engaging and rewarding career experience
- Competitive wages
- Working with a team of established consultants who excel in their fields of science, environmental assessment and regulatory planning

We are looking for a driven individual who is ready to take their career to the next level and grow with us. Although this is a term position, there is potential for a permanent position to become available.

We are looking for someone with:

- Experience in field work and/or project coordination
- Ability to work a two weeks on/two weeks off, 12 hours per day schedule from our Prince George office
- An interest in supporting government agencies, proponents and/or construction contractors in the building of projects and regulatory compliance of such projects
- Strong communication, organizational and time management skills
- Experience in environmental construction monitoring and implementation of best management practices and mitigation measures
- Knowledge of water quality monitoring, fish salvage, amphibian salvage, and/or bird nest sweeps is preferred
- Experience in oil and gas, power, renewable energy, and/or infrastructure projects
- Technical report writing including environmental assessments, environmental management plans, permit applications, and environmental monitoring reports
- Self-motivated and responsive, yet calm demeanor in a fast-paced environment

Job requirements include:

- A minimum of 2 years of environmental consulting experience
- Diploma or B.Sc. Degree in Renewable Resources or Natural Sciences or related discipline(s);
- Class 5 Drivers Licence

Application deadline: June 5, 2023

At EDI, we are committed to providing an environment of mutual respect where equal employment opportunities are available to all applicants and teammates. EDI believes that diversity and inclusion among our teammates is critical to our success as a growing environmental company, and we seek to recruit, develop and retain talented people from a diverse candidate pool.

*If you are ready for new challenges and a rewarding career experience, please email your resume and cover letter in confidence to: employment@edynamics.com with **EDI2023-090** in the subject line. Only candidates requested for personal interviews will be contacted.*
